* Gereedschap kan variëren afhankelijk van het type oppervlak

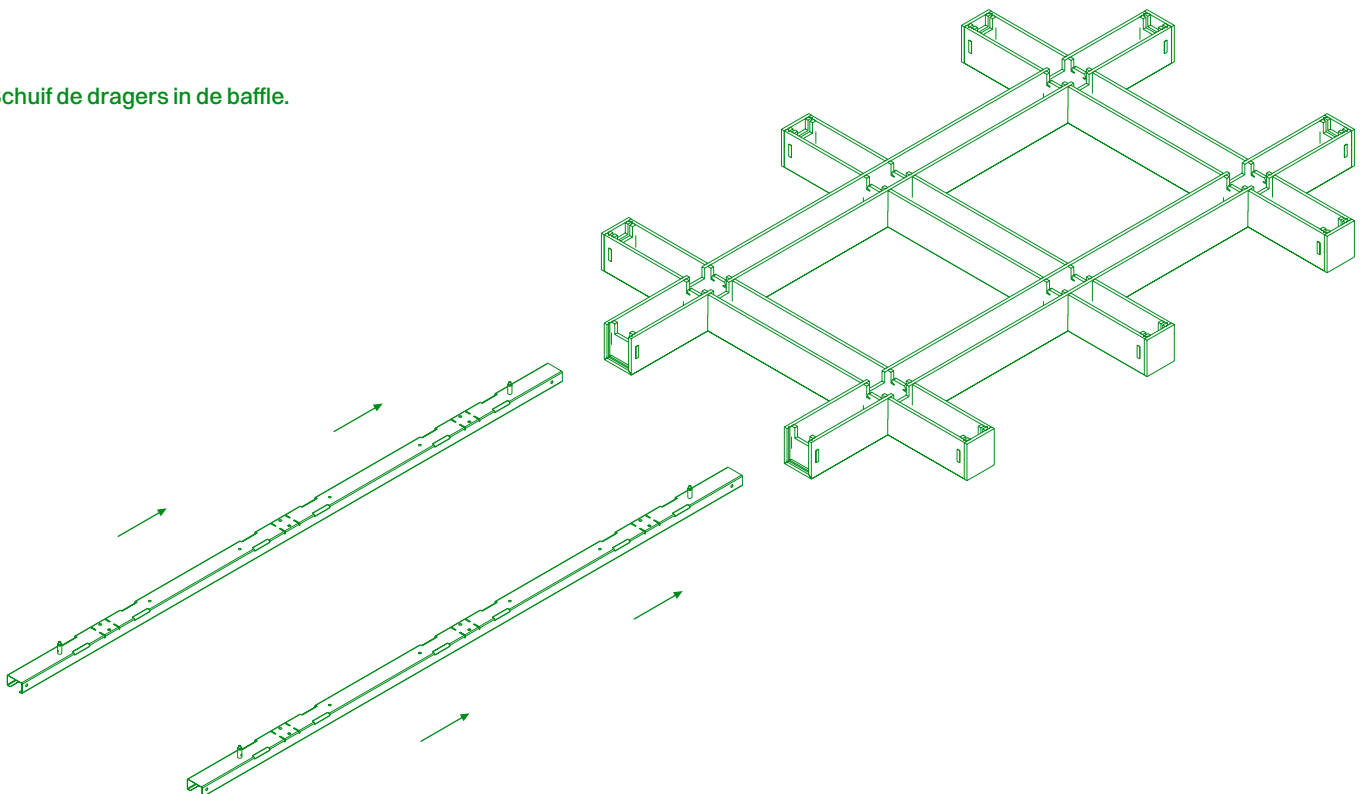

1 Bevestig de verstelbusjes aan de liggers.

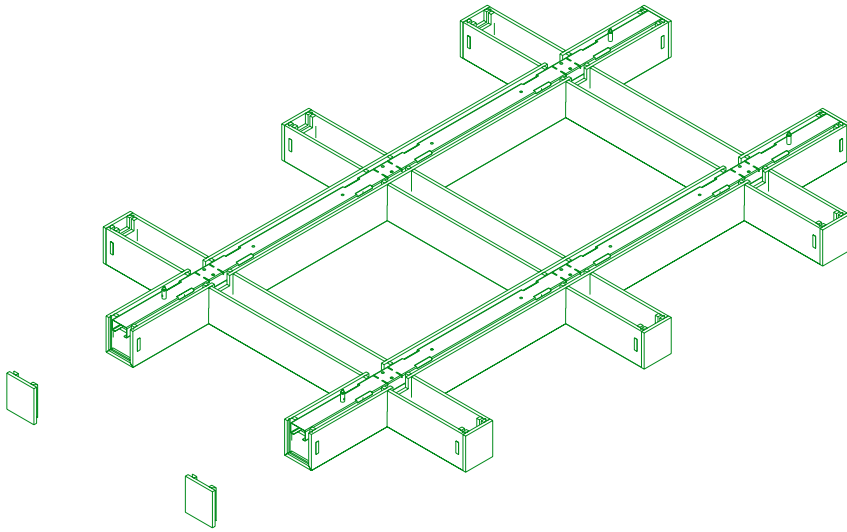

2 Verwijder de uiteinden van de baffle.

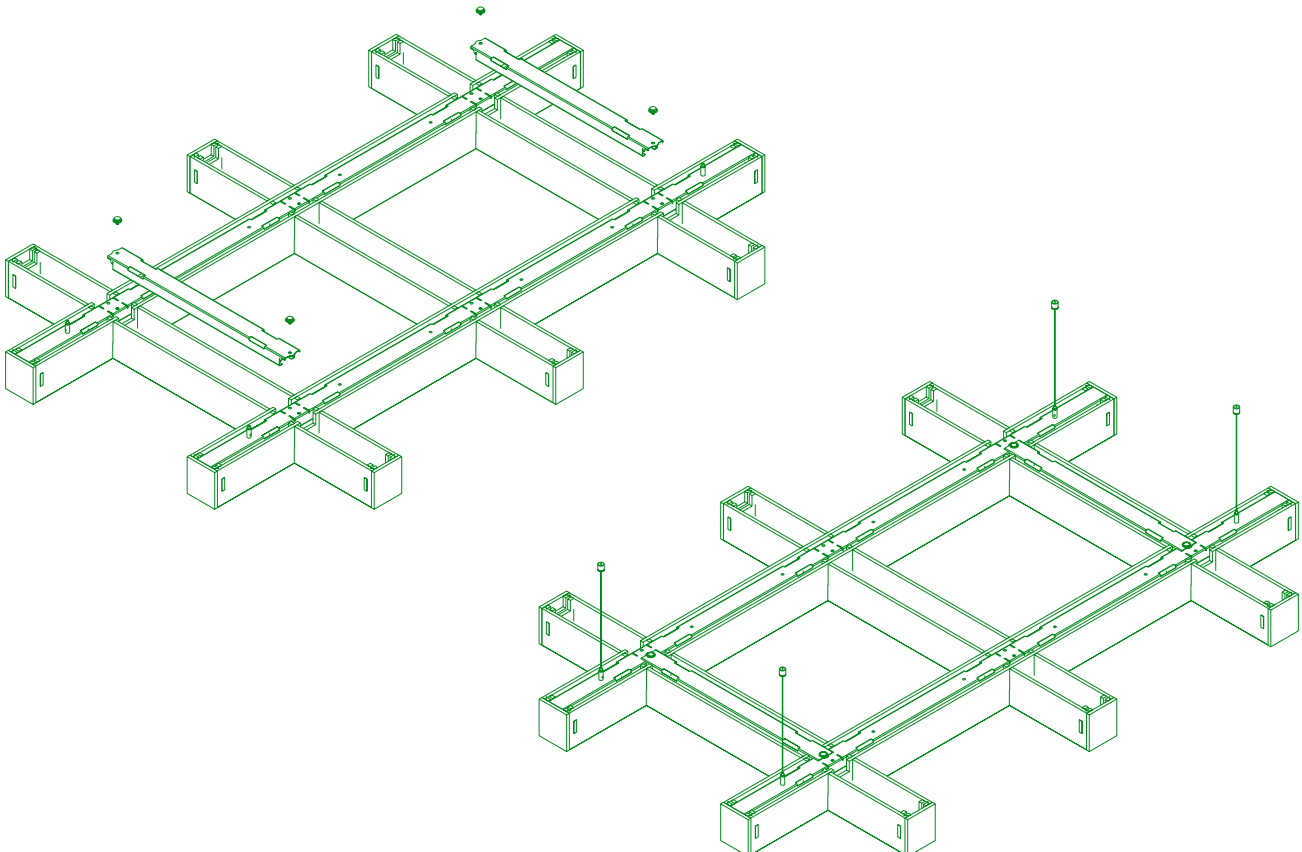

3 Schuif de dragers in de baffle.

- 4 Plaats de eindkapjes in de baffle.

- 5 Bevestig de dwarsligger 600 en zet vast met een druknagel.

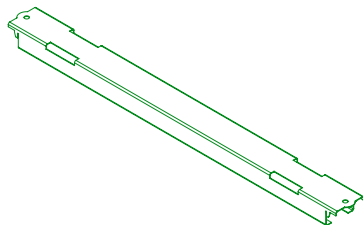

- 1 Gebruik de extra verlengsets om de baffle in de breedte te verlengen.
