

Aster Acoustic Lamp

- Ø400

lighting

refelt

Aster lamp offers a combined solution for acoustics and illumination. Its generous lampshade has a distinctive geometric pattern, puzzled from the PET Felt material.

Enveloping an embedded LED module, it gently casts the light down, granting an inviting sensation of calmness combined with a sound-dampening effect.

Product overview

Material	PET Felt
Size	Ø420 x 420 mm
Weight	2.5 kg
Cord length	3000 mm
Light source	LED
Colour temperature	3000K/4000K/6500 K
Voltage	220-240 V
Power	12 W
Light output	1100 Lm
Average lifespan	30 000 h
Dimmable	No

USP's

- Made from recycled plastic bottles
- Available in three sizes
- Three colour temperature modes
- Sound-dampening effect
- Delivered preassembled

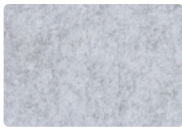

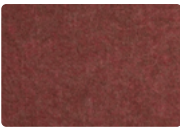

PET Felt

Our PET Felt is a sustainable and durable material made from recycled plastic bottles. The ground-up bottles are transformed into fibres, forming a soft yet sturdy felt with an open-cellular structure. This gives the material excellent acoustic properties, making it naturally sound-absorbing. PET Felt is easy to maintain, impact-resistant and fully recyclable.

Standard Collection

						
Black	Dark Grey	Grey	Light Grey	Marble	Camel	Coconut
						
Dark Blue	Cobalt	Denim	Blue	Sky	Cinnamon	Honey
						
Grape	Violet	Frost	Smoke	White	Beige	Sand
						
Wine	Red	Orange	Yellow	Green	Lime	Dark Green

Colour variations

Slight colour variations are a natural result of using recycled fibres in PET Felt panels. Each panel has a front and a back side, as the fibre nap runs in a specific direction on each surface. For a consistent finish, always install the panels with the front side facing out, and align them in the same direction throughout.
