

Acoustic Wall Shingles

- 220x380

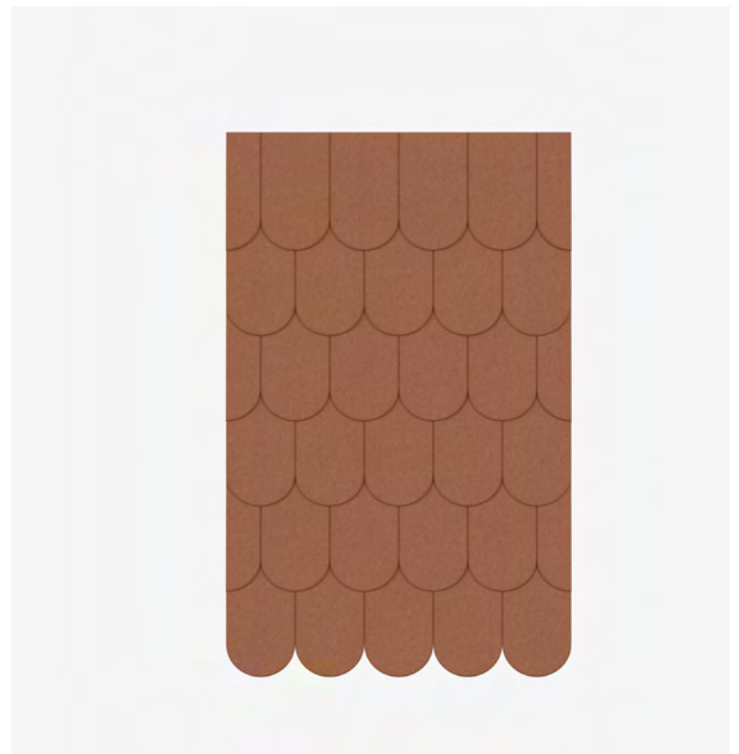

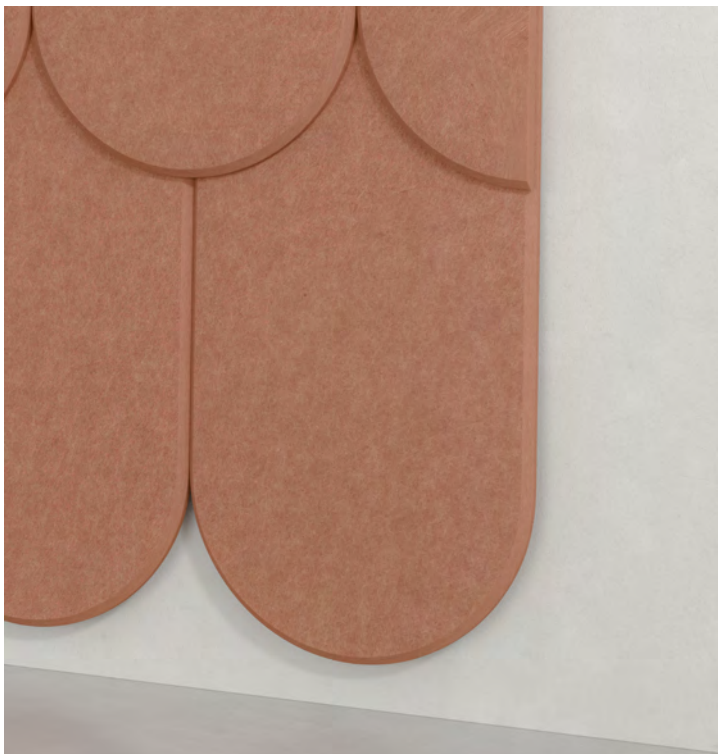

panels

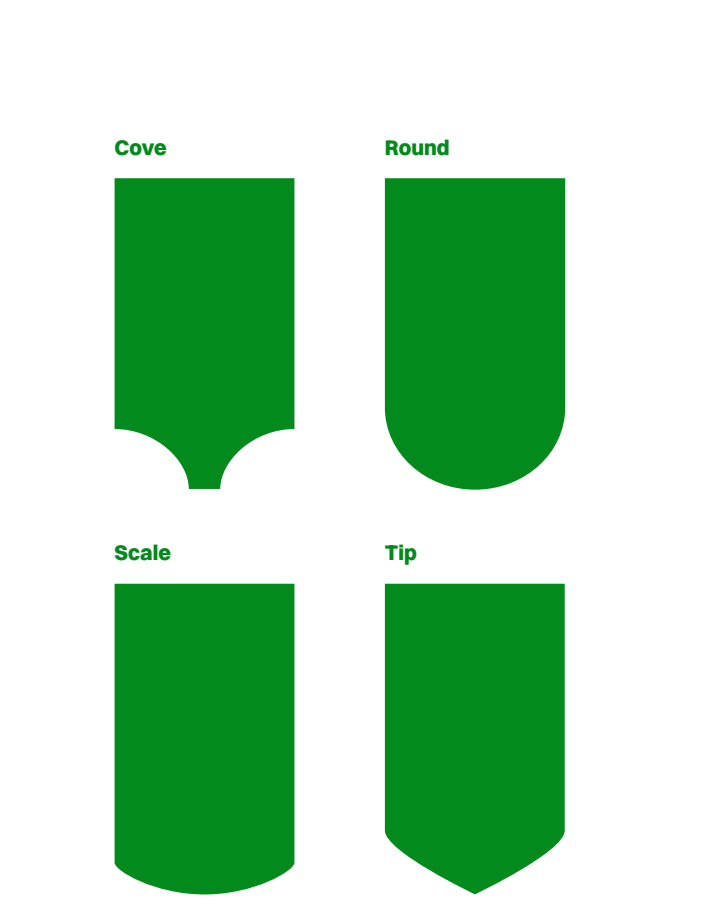

refelt

A plain wall becomes a surface with real character. These 220x380mm shingles overlap as they're installed, absorbing sound from the moment they go up, but their real value is what they do to a room's sense of depth.

The pointed shape and layered placement let you build a wall with intention. Mix colour-ways, combine with other shingle shapes, or keep it to a single tone for a bold, graphic statement. The wall stops being flat and starts catching light, texture and attention.

Product overview

Collection	Standard 9mm	
Material	PET Felt	
Size shingle	220 x 380 x 9 mm	
Set	30 pieces	
Total weight per set (30)	Cove	2.1 kg
	Round	2.2 kg
	Scale	2.33 kg
	Tip	2.18 kg

Collection	Refined 9mm	
Material	FR PET Felt (Fire Retardant PET Fibers)	
Size shingle	220 x 380 x 9 mm	
Set	35 pieces	
Total weight per set (35)	Cove	2,45 kg
	Round	2,57 kg
	Scale	2,72 kg
	Tip	2,54 kg

USP's

- Made from recycled PET Felt
- Overlaps improve the acoustic effect
- Compatible with other shingle shapes

PET Felt

Our PET Felt is a sustainable and durable material made from recycled plastic bottles. The ground-up bottles are transformed into fibres, forming a soft yet sturdy felt with an open-cellular structure. This gives the material excellent acoustic properties, making it naturally sound-absorbing. PET Felt is easy to maintain, impact-resistant and fully recyclable.

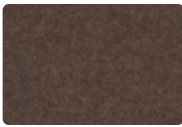

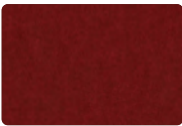

Downloads

3D files, care & maintenance recommendations and installation guides are available at refelt.com.

Standard Collection

Copper	Biscuit	Tan	Linen	Coral	Ruby	Ochre

Colour variations

Slight colour variation is natural in recycled PET Felt.
To keep the finish consistent, install all panels in the
same direction and with the same side facing out.
