| Material | PET Felt |
| Size | 311 x 555 x 9 mm |
| Weight per set | 1.6 kg |
| Reaction to fire classification | B-s1, d0 |

PET FELT TILES BULB LINES

Bulb tiles can be applied both horizontally and vertically. This simple and friendly shape, with v-cut grooves and bevelled edges, results in endless patterns and configurations. Combining Bulb Lines with plain tiles doubles your design options. The tiles have a handy size and are easy to mount on the wall.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
