| Material | PET Felt |
| Size | 470 x 407 x 9 mm |
| Weight per set | 1.53 kg |
| Reaction to fire classification | B-s1, d0 |

PET FELT HEXAGON DIAMOND LINES

With a simple hexagon tile you can already make great patterns. By adding extra lines, this shape gets an extra dimension. Combine colours and other tiles to create intriguing collages and acoustically improve your space.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

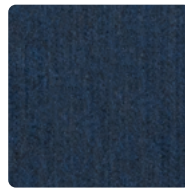

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
