- Impact-resistant
- Sold in sets of 25 tiles

Material	PET Felt
Size	200 x 200 x 9 mm
Weight per set	1.8 kg
Reaction to fire classification	B-s1, d0

## PET FELT LINES TILES SMALL

Lines tiles come in a familiar squared shape with an extra line in the middle to grant even more design possibilities. Play with colours and positioning to create a unique pattern and improve acoustics in one go. The tiles have a handy size and are easy to mount on the wall.

## PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

## COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
