Material	PET Felt
Size	400 x 400 x 9 mm
Weight per set	2.66 kg
Reaction to fire classification	B-s1, d0

## PET FELT SQUARED TILES LARGE

With this set of acoustic tiles, you can quickly and effectively improve the acoustics of any room. Cover a wall from top to bottom or play with different patterns to create your own design. Their squared shape and v-cut grooves allow for endless configurations.

## PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

## COLOURS

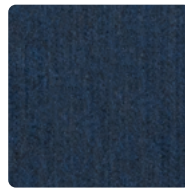

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
