classification

#### PET FELT SQUARED TILES SMALL

With this set of 25 acoustic tiles, you can quickly and easily make any room sound better. You are in control of the end result. Cover a wall from floor to ceiling or get creative and design a beautiful pattern.

#### PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

#### COLOURS (1)

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
